

TAMARA BACCI

After having studied contemporary and classical ballet (School and Ballet Junior of Genève), she quickly started dancing with the the most renowned choreographers: Foofwa d'Imobilité then Ken Ossola, Cindy Van Acker, Thomas Lebrun, Gilles Jobin, Cie Quivala, Estelle Héritier, Pascal Rambert, Guillaume Béguin, Roméo Castellucci, Perrine Valli, etc.

A perforer of tremendous talent, her encounter with Kirsten Debrock in Genève seemed obvious. She will interpret Gravit , scheduled for the end of 2016-2017.
